** Unlimited Bandwidth	- Unlimited bandwidth corresponds to a significantly high bandwidth limit, that 99 percentile of Edmingle accounts never reaches. - If you do end up needing more than our high limit, we'll send you a friendly email giving you the heads up that you're close, and may be charged for extra bandwidth. You can always check on the bandwidth usage and pricing in your reports. - If you already know your bandwidth requirements might be very high and that your requirements might be greater than 99 percentile of Edmingle accounts, get in touch with our team and we'll be happy to put together a custom plan just for you.

EDMINGLE ENTERPRISE PLAN DETAILS

Edmingle enterprise plan gives your high growth, high volume business the scalability, flexibility, and reliability you need to provide online education.

Highlights of Enterprise Plan

In addition to all the above mentioned core features, following additional benefits are given in the enterprise edition.

- Dedicated Account Manager
- Dedicated Support and training to institute team members.
- Support for technical difficulties faced by students of the institute.
- Required customization will be supported and connected with the CORE Edmingle platform.
- Strategic plan to start the project
- Custom migration plan
- One-on-One Calls and on-site meetings (intra city - Bengaluru) to check for launch preparedness.
- Advance website customizability
- Dedicated testing account
- HTML / CSS customization
- Single Sign-On for integrations with other sites
- API Access
- Webhooks
- Hosted on Edmingle Server (Dedicated cloud-server support is available on request)
- 99.5% Uptime SLA

**NOTE:

- If any intercity travel is required, the cost of traveling and accommodation needs to be borne by the client.

Features	Enterprise Plan Cost (Starting From)
All features & Services of PREMIUM PLAN	$19,999 / Year

EDMINGLE ENTERPRISE PLAN (Private AWS Instance)

This plan includes the following:

- Everything is included in the ENTERPRISE PLAN.
- Dedicated Instance in Amazon Web Services
- Server Maintenance and Management.

Features	Enterprise Plan Cost (Starting From)
All features & Services of ENTERPRISE PLAN	$39,999 / Year

- Server architecture as mentioned above will be followed.
- Following AWS resources will be configured and managed:

    - Elastic Compute Cloud (EC2)
    - ElastiCache
    - RDB - Relational Database Service
    - Route 53
    - S3 - Simple Storage Service
    - CloudFront - Content Delivery Network
    - CloudWatch - Server Monitoring Service
    - SNS - Simple Notification Service

- AWS and cloud bills will be managed by the Edmingle

Pricing Notes:

- All the costs mentioned in this document are EXCLUSIVE of GST.
- Any other customizations required apart from above can be done by the Company. The pricing of the same will depend upon the scope of work and the same can be agreed upon after discussions.
- The above mentioned pricing is not applicable for Schools, Colleges or Universities in any form.
